

IZ600F Quick Start Guide

CAUTION

Inex products must be mounted as described in their Installation Guides. If not, moisture problems may occur - which are not covered by the warranty.

See the IZ600F documents for full documentation and software.

You will need: Laptop with Windows 10 or above with Windows Feature NET 4.5 enabled, and a Chrome or Microsoft Edge browser.

You can use IZ Discovery to find the desired camera and change its network settings.

In the wiring diagrams, the dotted line boxes represent waterproof junction boxes used to enclose connections from the camera to the LAN (and external power supply, if used), and any unused connectors.

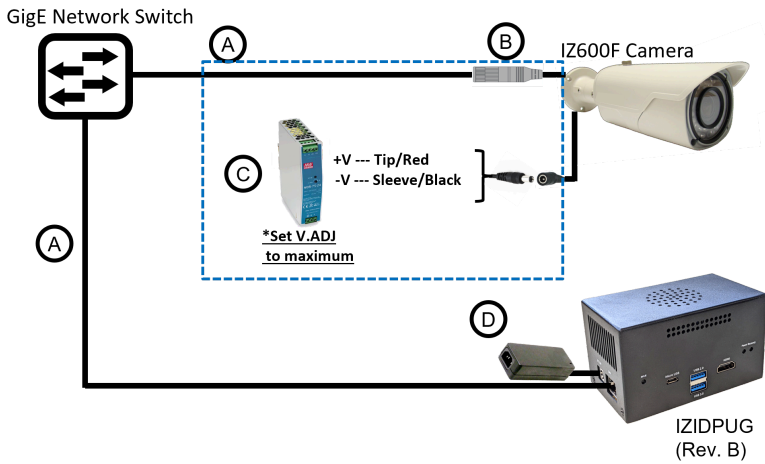

Checklist

- ✓ Prepare components and tools
- ✓ Plan your site
- ✓ Prepare cables
- ✓ Install camera(s) and other components
- ✓ Connect components (wiring)
- ✓ Power up and set up IP
- ✓ Configure camera settings
- ✓ Aim and calibrate
- ✓ Verify system operation
